Chemicals Framework and the new CSF working groups

Defra context setting

11th February 2021

Environment Agency

Forestry Commission

NATURAL ENGLAND

New CSF working groups

1. Supporting CSF Vision and Strategic goals
2. Led by steering group members

3. Draft aims:

- **Build up engagement** of the Forum and bring in new stakeholders, as we develop a new chemicals framework
- Better meet the vision and strategic goals of the Forum by establishing **dialogue on some of the key issues** of the moment
- Build **collaborative relationships between organisations working** throughout the lifecycle of chemicals and create an environment in which new ideas can emerge.
- Provide **learning opportunities for all**
- Produce a **written output** for circulation and /or discussion at a CSF meeting.
