

# Staying safe with Sam

## Homework

Get some help to read the little Safe with Sam story book.

Ask a grown-up where the cleaning things are stored in your house and how they are kept safe.

Where do you think is a safe place to keep cleaning things and things to wash clothes?

What should you do if you see cleaning things and you're not sure what to do?  
(hint: What did Sam do?)

You can:

- Write your answers down.
- Or draw a picture of a safe place to keep cleaning things.
- Colour in this picture of Sam's Mummy putting cleaning things in a safe place.
