Staying safe with Sam

Homework
Get some help to read the little Safe with Sam story book.
Ask a grown-up where the cleaning things are stored in your house and how they are kept safe.

What should you do if you see cleaning things and you’re not sure what to do?
(hint: What did Sam do?)

Where do you think is a safe place to keep cleaning things and things to wash clothes?

You can:
• Write your answers down.
• Or draw a picture of a safe place to keep cleaning things.
• Colour in this picture of Sam’s Mummy putting cleaning things in a safe place.
