

HOORAY FOR HANDWASHING!

IT'S

COOL

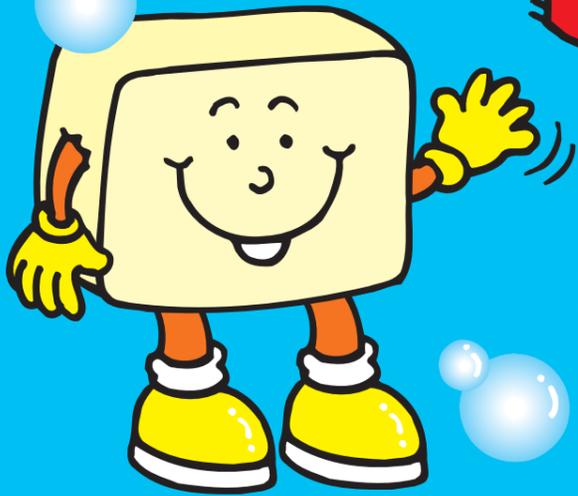

TO BE

Clean

IT'S
COOL

TO BE

Clean

POP!

You may be clean and tidy
when you go out to play,
but when you come inside again,
just wash those germs away.

Use the loo,
then use your brain,
and wash those germs
straight down the drain.

Germs are very tiny,
germs are very small.

You can get them on your hands
and not see them at all.

POP!
